Securities Backed Line of Credit Client Disclosure

Kestra Investment Services, LLC (Kestra IS) has engaged with third party lenders to provide our clients with access to securities backed lending services. Specifically, Kestra IS has engaged these third party lenders to make available securities-backed lines of credit (SBLOCs) to Kestra IS clients. SBLOCs are loans collateralized (secured) by securities holdings in Kestra IS client brokerage accounts. Kestra IS is not a lender and acts only in its capacity as the broker/dealer of record for the client account.

SBLOCs have certain inherent risks, which may include, but are not limited to:

- having to repay part or all of your loan due to negative market movement with your securities (the collateral) or a change in your securities portfolio;
- the risk of default for lack of payment of principal and interest;
- collateralized securities being liquidated to repay a loan in default or in a call situation;
- the potential negative impact of various factors (late or missed payments, number of loans, credit mix, default, etc.) that influence credit scores; and/or
- changes in income or financial status negatively affecting your ability to pay back the loan.

Your Kestra IS representative is not a licensed loan professional. Kestra IS and your Kestra IS representative are acting in a referral capacity.

Kestra IS has policies with regard to SBLOCs, including the prohibition of the use of the loaned funds for the purchase of securities and/or the resolution of debits in margin accounts. Using SBLOC funds to purchase securities or repay margin debt is a violation of U.S. banking and financial regulations.

Kestra IS receives compensation or an administration fee for the origination or administration of SBLOC loans. Kestra IS may have the ability to influence lowering the interest rate of the loan within certain parameters, but the rate is ultimately determined by the lender. The final rate may be higher or lower than the prevailing market rate. Furthermore, the level of compensation may affect the interest rate of the loan.

For more information regarding the risks associated with SBLOCs, please review the FINRA Investor Alert available here: <http://www.finra.org/investors/alerts/securities-backed-lines-credit>.
